Automation Engineer | Mechatronics

This is a fast paced, dynamic environment to work in, where you would have a diverse range of responsibilities, in a continually innovative, successful team environment.

This role is an excellent opportunity for a person with an appropriate Electrical or Technology based qualification (Mechatronics preferred), with a passion for modern manufacturing & automation to be a part of significant business growth.

The role is a mix of mechanical, programming, R&D, prototyping, testing & commissioning, including:-

- The maintenance and continual improvement of automated assembly and test equipment
- The research, conceptual design and introduction of value adding automated process improvement projects;
- Utilize technology that will provided elegant solutions that achieve “worlds best practice”
- Design solutions for assembly tasks
- Control and utilize environmental testing equipment;
- Operating a range of technology advanced machines / equipment;

You will have advanced skills in fabrication & welding of jigs, machining and be experienced in CAD software.

The successful candidate for this position will:

- Have solid computer skills for documenting and research;
- Be a highly motivated self-starter, capable of working independently as well as in a team;
- Be well organised and able to multi-task;
- Have excellent verbal and written communication skills, with particular experience in writing concise and precise technical reports;

Immediate, full time, permanent position with a competitive salary, a great working environment,

The successful candidate must be reliable, dependable, demonstrate an excellent work ethic and stable work history, and take ownership for achieving high performance results as part of a team.

In addition our client is ideally seeking a strategic thinker, someone who can offer an 'out of the box' approach to providing workable solutions.

IF this is you, then apply now. Opportunities like these don't appear that often!

If this role isn't quite what you are looking for, feel free to contact us and tell us what you are looking for.
