

# CNC Machinist

## Competitive Pay & Career Growth!

Looking for a stable, long-term role where your CNC machining skills are valued?

This is your chance to join a thriving, family-owned engineering company that specialises in product design and fabrication. With a strong pipeline of work and international exports, they are expanding their team and need a dedicated machinist to help drive their success.

### Why Join us?

- \$28 - \$35 per hour (based on experience)
- 40+ hours per week (secure, full-time role)
- Workshop based (No site work, stable environment)
- Ongoing training & career development (Grow within the company)
- Supportive & Skilled team (Work alongside experienced professionals)

### What You'll Need:-

- 3+ yrs CNC machining experience
- Proficiency with CNC vertical mills and lathes
- Ability to read and interpret engineering plans
- Knowledge of technical 3D parts (advantageous)
- Horizontal mill experience (a plus!)
- Strong understanding of materials & CNC programming
- Computer literacy (CNC specific)
- A detailed-oriented, organised and team-focused mindset

You'll be working in a well-equipped workshop with experienced professionals who will support your growth.

This is more than just a job – it's an opportunity to develop your career in a growing company with an excellent culture and hands-on management.

If this sounds like you and you are a New Zealand Citizen or Resident, apply for this role. We will close this advert when we have found the ideal person for this role. Call Kayla or Anne today.
