

Electronic Security Systems Engineer – Wellington Based

Our client is looking for an experienced Systems Engineer to provide comprehensive electronic security services to their client's facilities throughout the Wellington Region.

What's on offer:

- Competitive remuneration.
- Modern Vehicle.
- Great work environment.
- Staff benefits program.

The ideal candidate will have the following skills:

- Experience working with IP-CCTV systems.
- Previous Experience with Milestone, Gallagher, and ICT is preferred. It would be beneficial to have accreditation.
- You must have previous experience in project management, and system design (within security technology sectors ideally).
- Understand and be able to create project documentation.

To be effective in this position, you must possess the following qualities:

- Work with systems and technology with confidence.
- Have the ability to prioritise and organise work autonomously.
- Hold certain industry and legal accreditations and licences.
- Exhibit a positive attitude.
- Be able to stay flexible and adapt to the changing demands of internal and external clients.
- Possess good communication abilities in both written and oral form.
- Show excellent time management and motivation for yourself.
- Prepare yourself to take ownership of issues and see them through to a solution that benefits all parties.
- Enjoy working in a fast-paced business.

As a valued member of the team, you will have as much or little support as you need/desire and be kept at the forefront of technology advancements in all areas of the Security Industry.

Candidates must have a spotless criminal background, and full clean and current drivers licence.

Please submit your CV and a cover letter today, highlighting your relevant experience and achievements!
