

Heavy Equipment Mechanic

Do you hold F,R,T or W endorsements...then apply within

Are you seeking change after slogging it hard through the recession?

OR perhaps you were made redundant?

Perhaps your currently working outside of the Wellington region, but keen to relocate?

This position is responsible for performing routine maintenance and a variety of repairs on Fleet vehicles, crucial to the SAFE operation of the fleet.

Regarded as one of the best places to work, our client provides on-going support and backup for their staff.

You will:-

- ✿ Have the appropriate Trade qualifications
- ✿ Have a proven work history in diesel mechanics
- ✿ Have a background in heavy construction equipment or agricultural farm machinery
- ✿ Electrical experience would be a plus but not imperative
- ✿ Experience and knowledge of hydraulics
- ✿ Working rostered on-call (one in four)
- ✿ Be based within the Wellington region;
- ✿ Have Class 2 Licence preferred but no essential

This is a 'Drug Free Workplace' therefore a pre-employment Health and Drug Test will be carried out prior to being offered employment.

Great package for the right person.
