

Machine Operator | Production

Our client prides themselves on offering the best service possible, their commitment to quality and service, focusing on their customer's needs and their ability to lead the market.

We are seeking an experienced, Machine Operator for this factory based role. This is hands-on role where you are required to lead from the front.

The ordinary hours of work are 2.45pm – 10pm Monday to Friday.

In addition you will regularly be required to do overtime for handover/planning purposes, therefore you must be flexible in your hours of work and available to start work earlier as required.

We are looking for someone with great organizational skills, confident communication skills and the ability lead by example. This role would suit someone who is used to working with short lead times.

- Forklift driving;
- Gantry Crane operation;
- Operation of Machinery;
- Work with short lead times;
- Complete job sheets;
- Monitor maintenance on machines and report faults.

Ideal candidates will have the following:

- Good communication skills;
- Be computer literate;
- Have a degree of flexibility around working hours;
- Manufacturing Production background;
- Overhead Crane preferred but not essential;
- Forklift Certificate.

You will be working with a supportive, enthusiastic, and motivated team in a company that continues to grow and reward its people.

If this role isn't quite what you are looking for, feel free to contact us and tell us what you are looking for.
