

## Projects and Maintenance Technician

Veolia Australia & New Zealand (Veolia) is the only global company to provide a full range of environmental services in the fields of water solutions, waste management solutions and energy solutions.

With the global expertise gained from serving the environment for more than 150 years, Veolia operates in more than 40 countries around the world, with well over a hundred sites and approximately 4000 employees in Australia & New Zealand.

We are currently looking for a Projects and Maintenance Technician who will be responsible for the undertaking and delivery of the minor maintenance and/or housekeeping on time and within an agreed budget.

### **What we can offer:**

- On the training provided and career development
- A great team-working environment
- Competitive hourly rate

### **What you'll do:**

- Delivery of maintenance and/or housekeeping items
- Supervision of contractors
- Support the Assets & Projects Engineer/Projects Supervisor
- Record all work undertaken and sign off work schedules/ad hoc work

### **What you need:**

- Mechanical qualification
- Knowledge of Wastewater Treatment (preferred)
- Experience with maintenance management systems and team development
- Full NZ Class 1 Driver Licence
- Experience with the use of Supervisory Control and Data Acquisition (SCADA) systems and control systems (desirable)

If you are a team player with excellent organisational skills and a good communicator we would like to hear from you.

To be considered for this role, an interview will take place and references will be conducted. You will also pass a pre-employment medical, drug and alcohol screening.

Applicants for this position should have NZ residency or a valid NZ work visa.

Email your cv to [anne.smith@jobsmith.co.nz](mailto:anne.smith@jobsmith.co.nz) to apply.
