

Sheet Metal Fabricator (Full Time)

Seize this great opportunity

Have you recently completed your Apprenticeship?
Perhaps been out of the trade for a while, and looking for 're-entry'?
Maybe you want to relocate out of Auckland or Christchurch?

We currently have a need for an experienced sheetmetal worker to start work.

Our clients workshop is a large well equipped modern facility, and has a well-earned reputation for producing high quality product..

Preference will be given to either National Certificate in Light Engineering,
Or
another relevant engineering trade but with recent experience in sheet metal fabrication:-

Other requirements include:-

- Being a motivated person, who is honest and enjoys a challenge
- Good communication skills
- You have the skills and knowledge required
- Can demonstrate competence and maintain high quality workmanship
- High level of physical fitness required as this is a busy role

- Are eligible to work in New Zealand (must have valid work permit)

Remuneration will be discussed with you upon successful application.
