

Duct Erector

Our Wellington Office is looking for a Duct Erector with several years' experience to join existing team to work on commercial and industrial sites.

This is a permanent role for the successful candidate.

Candidates need:-

- To be locally based;
- To be Legally able to work in New Zealand,
- Understanding of basic shop drawings and be able to provide their own hand tools (power tools provided). Must have previous experience in Ventilation systems and Mechanical plant,
- To be extremely safety aware for both themselves and others, plus be prepared to contribute to continued growth in this area.

A positive attitude to work and new challenges, a can do attitude and the ability to demonstrate pride in their workmanship, and themselves are essential.

Pre-employment drug tests required. If you meet the above requirements, we look forward to hearing from you.
