

Industrial Electrician

Company: www.jobsmi
th.co.nz

Location: Wellington, Wellington

Type: Full time, Permanent

Pay and benefits: \$\$ | Company Vehicle provided

Listed: Mon, 24 Jun

Your reference #: PLC

This permanent role will present stability, maintenance challenges & multiple opportunities to further your electrical skills.

We are currently looking for trade qualified industrial electrician with a background in production or processing - preferably in a maintenance capacity.

The role will:-

- Present challenges in the form of preventative and reactive maintenance works on conveyors;
- Fault finding on line machinery & motors;
- PLC and HMI diagnosis;
- Machine wiring;
- interpreting electrical schematics;
- and some new installations and upgrades.

Ideally we will be looking for someone who:

- Possesses good knowledge of process and control circuits,
- PLC diagnosis and maintenance (predominantly Allen Bradley Logix with some Seimens S7), switches and instrumentation, conveyors and motor control.

To register your interest, please forward your cv to anne.smith@jobsmith.co.nz

If this role isn't quite what you are looking for, feel free to contact us and tell us what you are looking for.

The majority of our vacancies are posted on our own job board / website at:-
