

Senior Architectural Drafting Technician

One of New Zealand's leading residential building companies has an opportunity for a Senior Drafting Technician to lead their team.

This role may require some travel between the two destinations Auckland & Christchurch, so you could be located in either location at the moment.

The focus of the position is the development of detailed plans (to go through to consent) on residential properties across Auckland and Christchurch.

Must haves:

- Diploma in Architectural Technology or similar qualification is essential;
- A passion for residential Architecture;
- A 5 years minimum experience as an Architecture Draughtsman
- Experience in Chief Architect preferred;
- Experience in CAD or ArchiCAD with New Zealand experience;

Advanced computer literacy: efficient and accurate, with MS Office, Outlook, Word, Excel and databases;

- Knowledge of NZS3604, NZBC and building consent documentation;
- Producing high quality and accurate drawings;
- Ability to take on new learning as business systems progress;
- Have confident interpersonal and communication skills.
